June 2023

Hello Fellow Turners,

We had our regular meeting on May 12th at IRSC. At 7:00pm. We had our pledge to the flag. We welcomed one new guest. Our Vice President announced that the evenings Demo would be making a French Rolling Pin and finishing off with a Skew. Bob also said that it would be the challenge for June.

Treasurer Steve gave his report and advised that he was writing a check to Ed for the cost of the two new Jet 12 X 21 lathes that the club purchased. Ed was able to get them without Tax or Shipping as well as a good discount.

I announced that we had purchased two 4 Jaw chucks as drawing awards to the members who donate a piece for the raffles. One will be drawn for at the end of each quarter. Members will get one ticket for each item donated.

We discussed the Beginning Turners Course which will be at the end of June. The instructors, who are AAW Members, will get their training at the May 20th. Saturday meeting.

Ron Augustyne was promoted to 2nd Vice President and given the duty of coordinating activities and events.

On May 20th we had our "hands On" meeting and had 13 members present. The task of assembling the two new lathes was taken on and completed by several of those present. Both lathes operate as expected.

Jack instructed the instructors on their teaching methods and demonstrated some of the techniques that are recommended by the AAW. Jack stressed that teaching the students about riding the bevel is of great importance when learning to turn. Several questions were addressed about grinds on tools.

Hope to see you all on June 9th.

Bob
